

IN THE SPECIFICATION

Please amend the specification as follows:

Please amend the title of the application to read: -- Systems and Methods that Use

Geographic Data to Intelligently Select Goods and Services to Offer in Telephonic and
Electronic Commerce (as amended) --.

Under the heading "Related Application Information", please amend the following
paragraph to read:

-- This application is a continuation-in-part of pending United States application
Serial No. 09/505,619, filed February 16, 2000, entitled "Methods and Apparatus
for Intelligent Selection of Goods and Services in Telephonic and Electronic
Commerce", which is a continuation of application Serial No. 09/038,399, filed
March 11, 1998, similarly entitled "Methods and Apparatus for Intelligent
Selection of Goods and Services in Telephonic and Electronic Commerce", now
issued as U.S. Patent No. 6,055,513. --.
